

2016

International Biomedical
Engineering Conference 2016

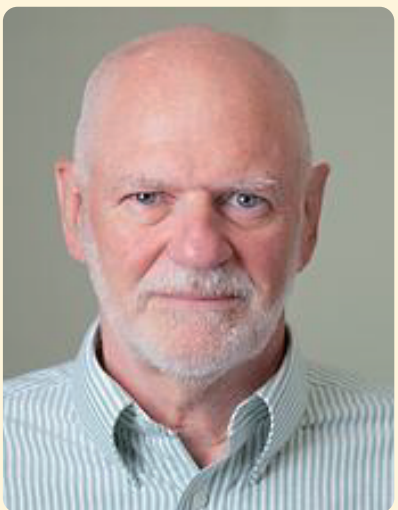

IBEC

“Exploring Neurotechnologies : from Neuron to Brain”

일시 : 2016.11.11(금)~ 12(토)

장소 : 고려대학교 안암 캠퍼스 하나스퀘어 B1

Plenary Speaker

Dr. Joseph Hamill

(Department of Kinesiology at
University of Massachusetts Amherst)

*Is Changing The Way
You Run Beneficial?*

Dr. Nitish V. Thakor

(Department of Biomedical Engineering
at Johns Hopkins University)

*Neurotechnology: from Cells to
Cognition, Mind to Machines*

신진연구자 세션, 생체재료학회 특별세션

- 의료기기 국제 표준 최신 동향
- ICT MSIP & NRF Special Session
- 한의학 세션: 한의학의 공학적 접근
- 신진연구자 session
- 생체재료학회 Session

논문초록 제출 및 사전등록 안내

- 초록양식: Extended abstract (A4 2~4 pages)
자세한사항은 학회홈페이지 참조
(<http://www.kosombe.or.kr>)
- 초록제출 및 사전등록 마감일: **10월 16일(일) 16:00까지**

논문 모집분야 (포스터 순서)

- Biomedical Engineering Education and Career
- Biomedical Optics
- Biomedical Robotics
- Cardiovascular Engineering
- Medical and Bio-informatics
- Medical Imaging
- Medical Nano and Microtechnology
- Neural Engineering
- Orthopedic and Rehabilitation Engineering
- Respiratory Engineering
- System Biology, Physiological Modeling
- Tissue Engineering and Biomaterials
- u-Health, e-Health, m-Health Technology

Organized by

The Korean Society of Medical & Biological Engineering

The Korean Society of Biomechanics

Endorsed by

IFMBE International Federation for Medical and Biological Engineering
