

**이름:** 황성재 / Hwang Seong Jae

**직위:** 조교수 / Assistant Professor

**소속:** 인공지능학과 / Department of Artificial Intelligence

**기타소속:**

**강연제목:** 생성모델의 의료영상 응용 / Medical Imaging Applications of Generative Models

**Abstract:** In this talk, we will discuss a few recent medical imaging applications on generative models, including image-to-image translation for CT-to-MRI translation, text-to-image generation for CXR generation, and multi-site/scanner MRI harmonization for non-matching neuroimaging data.

### **Brief Biosketch**

주요 학력:

2019: University of Wisconsin – Madison, PhD

2014: University of Pennsylvania, MS

2011: University of Illinois at Urbana-Champaign, BS

주요 활동 이력:

2022 – 조교수, 연세대학교, 인공지능학과 / Assistant Professor, Yonsei University, Department of Artificial Intelligence

2019 – 2022: 조교수, 피츠버그대학교, 컴퓨터과학과 / Assistant Professor, University of Pittsburgh, Department of Computer Science
